

RUMNEY PLANNING BOARD MEETING

March 1, 2011

The meeting was called to order at 7:05 pm by Tom Grabiek, Chairman

Present were Tom Grabiek, Janice Mulherin, Brian Flynn, Cheryl Lewis and Kathy Wallace.
Absent were Carl Spring, John Bagley and alternates David Coursey and Jerry Thibodeau.

1. The work meeting was opened to meet with Tara Bamford of North Country Council. Tara has been helping Kathy Wallace organize her work on the Master Plan and came before the Board to further discuss helping on this project and clarify the steps we still need to go through before finishing this project. Tara spoke of needing to bring the town's people in on the project. After some discussion, Tom asked why, after having the Community Profile, the five village meetings and the town wide survey, could we not proceed and then have a public hearing to review the plan? After over five years of working on this project we need to move forward and definitely need help in reviewing and completing this undertaking. Tara, unaware of the village meetings, did agree we have done the background work and can proceed.
2. How can Tara and NCC help us? If the town agrees to join NCC at our annual town meeting we can receive feed back and review on the project. A contract would be provided outlining different aspects of the work needed and the Board could determine at that time what portions we need outside help with and the additional expense we would incur to have this help. Booklets defining the work NCC does and the accessibility to their information were provided to members.
3. An updated plat was received for the Bry Harv subdivision and the Board did a review of the changes. As the steep banking was to be noted by topographical lines on Lot #2, attention was centered on those lines. The lines were incomplete and did not have elevations noted. The Chair will contact Scott Sanborn, surveyor, for the additions required.

The meeting adjourned at 9:05 pm

Diana Kindell
Clerk
