

## RUMNEY PLANNING BOARD MEETING

August 23, 2011

The meeting was called to order at 7:05 p.m. by Tom Grabiek, Chairman.

Present were Cheryl Lewis, Kathy Wallace, Tom Grabiek, alternate Diana Kindell with David Coursey joining at 8:45. Absent were John Bagley, Brian Flynn and Carl Spring.

1. Tara Bamford, NCC, was present to continue working on the Master Plan update. She had been notified of the meeting being held on Tuesday, August 30, 2011 for the Groton Wind Farm, presented by the Army Corps of Engineers, and questioned our presence at that meeting. We have a posted public meeting on the same date, and attending could present a problem. The Board was in agreement to request a change of date to when there were no conflicting meetings.

2. Having worked with other towns on the Hazardous Mitigation Plan, Tara was surprised the Town had completed the plan and it had been accepted. She is not sure if that allows the town to apply for grants available without being part of the NFIP and is doing further research to come up with a definite answer.

3. Information for a meeting at NCC headquarters on September 21, 2011 was given to Kathy Wallace, PB representative, and left for Janice Mulherin, SB representative.

4. Discussion continued on the goals/vision previously prepared by K. Wallace. Much of this discussion concerned the conservation committee and the town's Natural Resource Inventory. After reviewing the NRI information sent to her, she was looking for the final report. T. Grabiek will contact Nory Parr, Chairman of the Conservation Committee and request a copy of same.

5. Having covered the entire report, Tara will prepare a rough draft which will be sent to members prior to her next meeting with the Board.

The meeting adjourned at 9:05 pm

Diana Kindell  
Clerk
