A discussion of the meeting with FD liaison Ed Haskell, was brought up. He has read the FD by-laws and min of the past months. He has been brought up to speed with the elections of the Chief. Also discussed was the possibility of moving the ambulance to the W.Rumney station, to have space for the forestry truck at the station, as it is used more.

The Chief brought up the Plymouth Police Task Force being formed. Our station has been asked to participate in a group of surrounding towns that would be involved in helping with road closures, door to door evacuations, etc, if necessary, in the event of an active shooter event, at any of the schools. Plymouth will reciprocate if Rumney is in need for same. Looking into including the Highway Shed to help.

We are planning our CIP meeting sometime in August. Putting together a wish list for meeting.

Old Home Day needs. Table, shirts and raffle items will be brought over the day of. Highway dept. will drop table off for us on Thurs.

The Chief will continue to be working with Police Chief Patten on the Fireworks ordinance, and tweaking the regulations, fines, ect.

The commissioners want to make sure the Town, Fire Dept, and Police Dept, will not be held liable for improper use of fireworks, and that some sort of protection for that should be included in ordinance. Will need warrant article.

Building repairs continue to be discussed. A list will be made and prioritized.
