

Rumney Fire Commisioners
Meeting Minutes
September 12, 2022

Commissioers present Cam Brown Terry French Jim McCart
Fire Chief Hacker
Guest Mike Brandli

Meeting opened 6:05 Bills signed.

Cam Brown asked Chief Hacker about hose testing progress. Chief Hacker said it looks like October for the testing to be completed and he will be setting up pump testing.

Terry French asked Chief Hacker if he had inspected the town office due to the collapse of the frost wall during excavation for the addition. Chief Hacker suggested to the Selectmen that they have an engineer inspect the building and offered the fire station for the Selectmen to have their meeting. The office has been inspected by Stanley Graton and the Selectman held there meeting at the town office as usual.

Cam Brown asked Chief Hacker for an update on a new lap top . Chief Hacker will be looking to speak to the towns computer person about the status of a lap top that was in the office. If it can be fixed he will use that one.

Commissioners asked for an update on the job description for the Fire Departments secretary. Chief Hacker stated he had nothing new from the secretary.

Terry French asked for an update on the air compressor for the station. Chief Hacker will be picking one up. The price will be about \$1300.00.

Cam Brown asked for a truck committee update. Chief Hacker stated the committee went to Gorham to look at a truck . Chief Hacker said that the truck was under powered and the exhaust brake was insufficient for stopping in a timely manner. Pierce truck rep will be at the September 20th meeting and we can expect a 6% price increase on November first and lead times are increasing.

Chief Hacker spoke about the Fall festival the Ladies will be having October first as a fundraiser. Chief Hacker is working on moving equipment to the West Rumney Station and he has ordered three atv helmets and is looking to have people on duty for Halloween at the station.

Chief Hacker is looking for a couple more quotes for the hydrant work and is looking into fixing the hydrant at the end of School Street.

Meeting adjourned 7:23

Respectfully Submitted

Terry French
