16 79:424 Transfer Authority; Sununu Youth Services Center. Notwithstanding RSA 9:16-a or any other
17 law to the contrary, for the biennium ending June 30, 2025, the department of health and human services
18 shall have the authority to transfer between all class lines in account 05-95-42-421510-6643, Sununu
19 Youth Services Center.

20 79:425 Declaration of Purpose. New Hampshire voters passed the Right of Privacy into the state
21 constitution in November 2018 with an 81 percent approval. With that vote, state government culture and
22 behavior needed to be shaped by the words, "An individual's right to live free from governmental intrusion
23 in private or personal information is natural, essential, and inherent". The department of health and
24 human services has been subject to the Health Insurance Portability and Accountability Act since 1996
25 which drove initial efforts to develop a culture and infrastructure to protect personal data privacy. As a
26 holder of personal information in state government, the department has a responsibility to demonstrate to
27 the public the state's commitment to actively and overtly respect personal privacy, including privacy of
28 personal information. Establishing and maturing a culture of privacy is core to successfully driving future
29 efforts to implement and enhance privacy policies, procedures, and practices. Continuous improvement
30 requires appropriate governance and policy leadership.

31 79:426 New Subdivision; Data Privacy and Information Technology Security Governance Board.
32 Amend RSA 126-A by inserting after section 101 the following new subdivision:

Data Privacy and Information Technology Security Governance Board

34 126-A:102 Data Privacy and Information Technology Security Governance Board Established. There
35 is hereby established a data privacy and information technology security governance board to oversee the
36 department's use of data, data privacy, and information technology security that shall be maintained by
37 the department of health and human services.

38 126-A:103 Membership; Quorum.

39 I. The data privacy and information technology security governance board shall consist of the

3 the governance board chair.

4 (b) The department's privacy officer.

5 (c) Three directors of the department who have responsibility for one of the following areas:

10 (f) The department's chief legal officer.

11 (g) The commissioner of the department of information technology.

15 than 50 percent present. Members may delegate authority to represent them for the purposes of
16 maintaining a quorum. The chair of the board may also delegate authority to another appropriate member
17 of the governance board to serve during a specified meeting.

18 126-A:104 Duties.

19 I. The data privacy and information technology security governance board shall:

23 and what it means to embrace data governance and activate enterprise data stewards.

24 (c) Actively promote improved data governance practices across the department.

25 (d) Identify and approve of pivotal data governance roles and responsibilities for the
26 department including cross-enterprise domain stewards and coordinators.

27 (e) Advise, review, and approve the department's data control, governance, and privacy
28 practices in compliance with federal and state law and federal and state information privacy and security
29 policies, with the goal to meet or exceed private market benchmarks for governance, risk management,
30 and compliance.

31 (f) Drive strategic and timely implementation of a department-wide privacy policy, related
32 procedures and processes to operationalize policy-derived controls, and effective risk management
33 methodologies, including industry standards such as privacy impact assessments and privacy by design.

34 II. The data privacy and information technology security governance board may solicit
35 information from any person or entity the board deems relevant to its quest.

36 126-A:105 Risk Management.

37 I. The department shall conduct a written risk assessment and mitigation remediation plan in the
38 form of a privacy impact assessment (PIA).

39 II. The assessment and plan shall:

CHAPTER 79
HB 2-FN-A-LOCAL - FINAL VERSION
- Page 112 -

1 (a) Assess risks to an individual's right to privacy within the department's information
2 technology systems where the individual does not possess immediate control over their information.

3 (b) Recommend alternatives to both mitigate the risks and achieve the stated objectives of
4 the department's systems.

5 (c) Identify those individuals and offices within the department who shall be directly
6 accountable for the assessment and plan, the system at the time the assessment and plan are compiled,
7 and any approved alternatives and mitigations as a result of the assessment and plan.

8 III. Unless otherwise required by law or applicable regulation, no personal information shall be
9 collected prior to the completion of the assessment and plan and any subsequent measures as a result of
10 the assessment and plan, as determined by the governance board for any systems implemented
11 subsequent to March 31, 2025.

12 IV. The assessment and plan shall be approved and may be acted upon by the commissioner.
13 All assessments and plans conducted before the date of the next data privacy and information technology
14 security governance board meeting shall be submitted to the board for review.

15 79:427 Data Privacy and Information Technology Security Governance Board; Specialized
16 Employees Authorized; Appropriation.

17 I. The department is hereby authorized to establish 2 full-time, permanent employees to support
18 and conduct the required data privacy and information technology security assessments, as well as
19 manage the implementation of mitigation efforts and other necessary updates.

20 II. The qualifications of the 2 employees shall include privacy certifications, information systems
21 expertise, and project management and communications experience. Certifications may be deferred for
22 up to 2 years post-hiring.

23 III. The 2 employees shall be classified, full time employees who shall work on assisting in
24 implementing the objectives of the data privacy and information technology security governance board,
25 conducting the privacy assessment and mitigation plan, and other, related data privacy and information
26 technology security activities in the department of health and human services. The classification shall be
27 information technology manager IV, labor grade 32, step 7.

28 IV. The sum of \$300,000 for the biennium ending June 30, 2025 is hereby appropriated to the
29 department of health and human services for the purpose of funding 2 information technology manager IV
30 positions as required in paragraph III of this section. The governor is authorized to draw a warrant for said
31 sum out of any money in the treasury not otherwise appropriated.

32 V. The department is authorized to use contract support available from funds prior to July 1,
33 2025.

34 79:428 Findings. The general court finds that given the statistically significant excess in the number
35 of cases of kidney cancer in Merrimack, New Hampshire found by the department of health and human
36 services, the known detection of environmental contaminants that have been associated with kidney
37 cancer, and a trend of increasing incidence of kidney cancer over time, the department recommends that
38 a feasibility study as determined by the New Hampshire Cancer Concern Investigation Protocol, Phase 3
39 be conducted. The general court further finds that a Phase 3 feasibility study would determine if an

CHAPTER 79
HB 2-FN-A-LOCAL - FINAL VERSION
- Page 113 -

1 epidemiological study (Phase 4) is warranted and would identify appropriate cancers and health outcomes
2 for inclusion in such study.

3 79:429 Appropriation; Department of Health and Humans Services; Phase 3 Feasibility Study.

4 I. There is hereby appropriated the sum of \$500,000 for the biennium ending June 30, 2025, to
5 the department of health and human services to enter into a contract with an academic or research
6 organization to complete a New Hampshire Kidney Cancer Incidence Phase 3 Feasibility Study for the
7 town of Merrimack to further understand potential exposures that may contribute to the excess of kidney
8 cancer incidence in Merrimack and identify any next steps warranted. Such funds shall be nonlapsing
9 and appropriated to the department for the purposes of this act. The governor is authorized to draw a
10 warrant for said sum out of any money in the treasury not otherwise appropriated.

11 II. In order to provide funding for said appropriation, and subject to prior review by the joint
12 legislative oversight committee on health and human services established in RSA 126-A:13, the
13 department shall first use any available grant funding or any other non-state funds which may be used for
14 this purpose.

15 79:430 General Fund Transfer to Highway Fund. The sum of \$10,000,000 for the fiscal year ending
16 June 30, 2023, is hereby appropriated to the highway fund. This appropriation shall not lapse. The
17 governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise
18 appropriated.

19 79:431 Effective Date. Section 430 of this act shall take effect June 30, 2023.

20 79:432 Purpose Statement. The general court finds that people and animals accessing lakes and
21 rivers across the state have been impacted by cyanobacteria blooms, which pose a threat of acute and
22 chronic illnesses from the toxins they release. Many of these blooms have been triggered by phosphorus
23 loading from direct run-off, poor culvert design, inefficient or failed septic systems, internal loading of
24 phosphorus, among other causes. The cost of designing, installing and repairing mitigation systems or
25 projects for many communities, watershed management associations, and lake associations, would result
26 in dramatically higher property taxes or would take many years of fundraising and delay projects
27 exacerbating the problem. The mitigation of contributors to cyanobacteria blooms requires a strategy to
28 protect, preserve, and enhance the water quality that New Hampshire citizens and the natural
29 environment depend upon.

30 79:433 New Subdivision; Cyanobacteria Mitigation Loan Program. Amend RSA 485-A by inserting
31 after section 57 the following new subdivision:

32 Cyanobacteria Mitigation Loan Program

33 485-A:58 Establishment and Implementation of Cyanobacteria Mitigation Loan Program.

34 I. There is established in the department of environmental services the cyanobacteria mitigation
35 loan program. The program shall provide low interest loans to:

36 (a) Municipalities, community water systems and non-profit lake and river watershed
37 associations whose testing shows confirmed and chronic exceedances of the state health advisory for
38 cyanobacteria, for remediation efforts begun after September 30, 2023.

39 (b) Publicly-owned and non-profit lake or river watershed associations that have a watershed

1 management plan which specifies sources of phosphorus loading approved by the department of
2 environmental services.

3 II. Projects shall only be financed after the applicant's proposed mitigation plan or watershed
4 management plan demonstrates that such plan is the most cost-effective solution, as reviewed and
5 approved by the department of environmental services. The applicant shall provide evidence in the
6 application for funding that there are no no-cost or low-cost efforts that would result in a substantial
7 decrease in external phosphorus loading. The applicant shall also show that there is no responsible party
8 identified by department of environmental services or that the responsible party, potentially including the
9 applicant, has provided their appropriate share of the funding for the proposed project.

10 III. Loans or grants may be made for up to the total cost of the project, after any responsible

18 79:567 Statement of Findings. The general court hereby finds that:

19 I. The state of New Hampshire is ranked as having one of the fastest growing number of older
20 adults in the country.

21 II. As the number of older adults increases, the need for long-term care will increase.

22 III. Pursuant to the federal Older Americans Act, New Hampshire is required to promote the
23 development and implementation of comprehensive, coordinated, statewide system of long-term services
24 and supports that is responsive to the needs and preferences of older individuals and their family
25 caregivers.

26 IV. The federal Americans with Disabilities Act prohibits unnecessary institutionalization of
27 individuals with disabilities.

28 V. RSA 151-E was established to provide Medicaid eligible elderly and chronically ill adults with a
29 continuum of long-term care options.

30 VI. Despite these federal and state mandates, historically there has been a lack of investment in
31 our state's system and programs for older adults and adults with disabilities.

32 VII. Rebalancing New Hampshire's systems to expand more home and community-based options
33 will reduce the cost of providing services and allow our state to serve more people.

34 79:568 New Subdivision; Long-Term Care; System of Care for Healthy Aging. Amend RSA 151-E by
35 inserting after section 21 the following new subdivision:

36 System of Care for Healthy Aging

2 to ensure that older adults and adults with disabilities have access to and timely delivery of supports and
3 services and to ensure that they have a meaningful range of options.

8 Hampshire's state plan on aging, the federal Older Americans Act, Americans with Disabilities Act, and
9 Medicaid law.

10 IV. The system of care referenced in this subdivision is meant to streamline access to long-term

13 151-E:23 Statement of Policy. It is the policy of New Hampshire to establish and implement a
14 comprehensive and coordinated system of care that promotes healthy aging and enables older adults and

14 79:609 Findings; Children's Mental Health. The general court recognizes that the ongoing mental
15 health, substance misuse, and child protection crises have taken a significant toll on New Hampshire's
16 children, families, and taxpayers, and New Hampshire schools are challenged daily to support the
17 behavioral health needs of students while promoting academic achievement for all students. In response,
18 the New Hampshire department of education's office of social and emotional wellness has supported
19 approximately 37 New Hampshire school districts in implementing an evidence-based prevention
20 framework to support the behavioral health and wellness of all students, called multi-tiered system of
21 support for behavioral health and wellness, or MTSS-B. MTSS-B is a key component of the system of
22 care established under RSA 135-F.
