

Truck Committee Meeting Minutes  
June 28, 2022  
6 p.m.

Present: Ed Haskell, Nick Coursey, Wayne Patrick, Mark Andrew, Frank Simpson  
Chief: Evan Hacker

Tonight's meeting was the first in the process of discussing the purchase of a new fire truck.

The discussion began with what the needs were for a new truck, and cab styles. The committee came up with 5 manufacturers to get quotes from, for pricing and warranties.

The 5 companies are: Spartan, EOne, Pierce, Toyne, and Ferrara. The quotes will be for base models, commercial and custom.

Chief Hacker will get in contact with the companies.

It was decided the committee will meet once a month. The committee also agreed to post the truck committee findings on social media and the Town website, so the community is able to be informed.

The next meeting will be July 26, at 6 p.m., at the station.
