

Truck Committee Meeting Minutes
November 23, 2022

Present: Ed Haskell, Nick Coursey, Wayne Patrick, Frank Simpson, Mark Andrew, Sean Zaikowski,
Chief: Evan Hacker
Guests: John Dow, Dana Merrill, Cam Brown, Terry French

The meeting began at 6 p.m., with reviewing the specs for the Midwest Truck, followed by specs for E-One, and the specs for Pierce and HME. Multiple discussions followed about each truck.

After much discussion, it was decided to present two warrant articles at the Town meeting. One article presenting the Spartan fire engine by E-One. The second article would be presenting a commercial cab engine, built by either HME, E-One or Pierce, whichever truck has the best price. Mark and John opposed this, but the remainder of the committee approved.

The meeting was ended at 7:30 pm.
