NOTICE - Please contact the Planning Board for assistance whenever the following is planned:

- the addition of a dwelling unit to a lot that already has a dwelling unit on it; including the addition of a mobile home, the creation of a new apartment or the renting out of an apartment formerly allowed for family members only. These are by definition a subdivision, and they must be reviewed by the Board. Except where waived, each dwelling unit must have its own lot.
- the divisions of a lot into separate building sites or properties for future rental or conveyance, i.e. subdivision.
- the construction of a new driveway of any sort or the change of a temporary driveway to residential use on a town road.
- the removal of earth materials from a site for commercial purposes, i.e. an excavation.
- the locating of multiple mobile homes on a single lot, i.e. the creation of a mobile home park.
- activities involving septic systems, wetlands, and other state programs; these are administered by the State but the Board can provide information on who to contact.

Plans and other materials relative to applications must be submitted to the Planning Board Clerk at the Town Office at least 15 days before the business meeting.

➢ TOWN OF RUMNEY ≪ TOWN CLERK'S REPORT For Fiscal Year Ending December 31, 2016

2016 turned out to be a very busy year for us with four elections. Much appreciation goes to the many committed people who worked to make each election a success and accurate with the standards set by our state. Plus, meeting the residents of the community was the highlight of the elections. A special word of thanks goes to the Buttolphs for providing a meal for the election workers once the polls closed.

At the beginning of July, my assistant, Jen Rugar resigned as she accepted a full-time position in another town closer to her home. After doing a search, we hired Lila Williams to this office as Deputy Town Clerk – Tax Collector. Lila is a resident of Rumney, so she can help with elections and fulfill all the duties as deputy.

Our town is now on the New Hampshire tax kiosk, enabling us to check our taxes online and either pay through the mail or pay online by check or by credit card. This feature is very convenient for folks living away for part of the year. It is also convenient for real estate agents, lawyers, and banks to access this information online.

Early September, the town bought Avitar's Town Clerk program, enabling us to process all the motor vehicle operations, including boats, register dogs, print vital records and complete other clerk functions. As with the Avitar Tax program it is both logical and valuable to the functioning of the town clerk office. We are also in preparation for the town to require only one check for vehicle registration on February 1st, 2017.

As town clerk, I have enjoyed the opportunity to serve the residents of Rumney this year. I am looking forward to more advancement in the coming year.

Sincerely,

Paulette Bowers

Paulette Bowers, Town Clerk - Tax Collector

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen Town of Rumney Rumney, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and aggregate remaining fund information of the Town of Rumney as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 1-B to the financial statements, management has not recorded certain capital assets and related accumulated depreciation in the governmental activities, and accordingly, has not recorded depreciation expense on those assets. Accounting principles generally accepted in the Unites States of America require that those capital assets, including infrastructure assets, be capitalized and depreciated, which would increase the assets, net position, and expenses of the governmental activities. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities is not reasonably determinable.

Adverse Opinion

In our opinion, because of the significance of the matter described in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the financial statements referred to above do not present fairly the financial position of the governmental activities of the Town of Rumney, as of December 31, 2015, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

🖻 AUDITOR'S REPORT 2016 🔍

As discussed in Note 1-O to the financial statements, in 2015, the Town changed its method of accounting for pension reporting with the adoption of Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions and as amended by GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information - Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of the Town's Proportionate Share of Net Pension Liability, and the Schedule of Town Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers them to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance.

Other Information - Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Rumney's basic financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and recording such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

➢ TRUSTEES OF TRUST FUNDS REPORT 2016 ≤

The Trustees of Trust Funds usually meet four times a year to review reports from our financial advisors and conduct Trustee business. Notices are posted at the Town Office and the Post Office. Draft minutes are filed with the Town Clerk after each meeting; minutes are posted on the Town website after they have been approved by the Trustees.

The Trustees met three times during 2016. Charter Trust representatives met with the Board at their September meeting. The Trustees contract with Charter Trust Company to invest Town Trust Funds, Cemetery Funds and Capital Reserve Funds and to prepare the financial reports that are required by State law. Town Trust Funds and Cemetery Funds are invested in stocks and bonds under the "Prudent Investor Rule" that gives the Trustees greater flexibility in portfolio management in order to maximize the return on investment without taking undue risk.

At the end of 2016 the Town investments were performing better than expected, with both the Trust funds and Cemetery funds beating their respective equity and fixed income benchmarks.

At the end of 2016, the Town Trust Funds had a market value of \$284,104. These funds, also known as the Common Funds, include two library trusts, the Haven Little Scholarship Fund, the Mary and Ruth Russell Fund, the Katherine and John Nelson Scholarship Fund, and the Groton Wind – Buttolph/Lewis/Spring Scholarship Fund. The Cemetery Funds ended 2016 with a market value of \$453,419.

State law limits the types of investment in Capital Reserve Funds (CRF's). In 2015 Charter Trust recommended to the Trustees that the Town combine the 19 Capital Reserve Funds, which have been invested separately in the past, so more favorable investments on the funds could be made. The accounts would still be reported to the Trustees as separate accounts. The Trustees voted at that time to go forward with this recommendation. During 2016 the change was made to combine the total funds for these investment purposes. Market value of Capital Reserve Funds totaled \$1,410,129 at the end of 2016.

As in past reports, we want to state again that we are grateful for the support of the community. Memorial gifts and contributions to the scholarship and library funds continue to demonstrate the love Rumney citizens have for the town.

The Trustees also appreciate the cooperation they receive from town departments and school district officials to help make sure that the proper documentation is noted and recorded for all trust fund transactions.

≫ CHARTER TRUST REPORT 2016 <

➢ CEMETERY TRUSTEES ≪ 2016 ANNUAL REPORT

Maintenance of all Cemeteries is ongoing. The Trustees place the mowing out to bid again this year and find this to still be a saving to the town.

The rebuilding of the stone wall at Highland North on Quincy Road was completed this summer. The removal of trees was continued to help protect cemetery property not to mention the threat of damage to irreplaceable head stones and grave markers.

The fountain at Highland North Cemetery was removed this summer and now there will be space for a cemetery plots. The fountains in the different cemeteries are not used and will be removed in the near future.

This year the Trustees hired Charlie Beede to repair the gravestones in the different cemeteries. Many of these stones have been down for many years and now are back upright. Also thanks to Terry French, Hal Patterson Jr. and crew for the repair they did to the Mitchell family stone in Depot Cemetery. We can now say all the stones have been repaired in the Cemeteries.

Sadly for years many items we are being faced with have been neglected and now require attention.

We have taken on the responsibly and will strive to continue to take on maintenance issues while striving to hold cost to a minimum.

Note in the report there is an expense for burials for the sexton fees and a contribution to the trust fund for perpetual care. These are two lines that cannot be anticipated and therefore not budgeted for. These expenses are offset by the Revenue Burial Income line.

Respectfully submitted, Linda Kimble Dwight Lyon

➢ BYRON G. MERRILL LIBRARY ≪ 2016 ANNUAL REPORT

2016 has been another busy year for our town library. We enjoyed 6,542 patron visits this past year. Our staff checked out 3,684 adult books, 5,632 children's books, and 2,789 dvds. Our patrons appreciate the back door, access to the parking lot, and, of course, the lift. We continue to offer Inter-Library Loan in order to provide books we do not stock and access to NH Downloadable Books for audio and e-books making our library available to our patrons 24/7. Yes, the folks of Rumney are using their library!

In May we were pleased to be recognized by New Hampshire Preservation Alliance for the appropriateness of our new barrier-free access to our wellloved and well-used community gathering place. We traveled to Concord for the presentation and it was a very special afternoon.

In 2016 we produced a flyer each month highlighting our various activities. The Ladies Book Group met several times to discuss a half dozen novels including Following Atticus, State of Wonder, and Persepolis. The Knitting Club met monthly for cake, tea, conversation and time to knit. It is always fun to see the various projects. What fun it is to have young mothers as well as long time knitter Helen Kenneson join us. Our Rudolph Club met several times to share ideas as we prepared for Christmas. We all find this time inspiring.

The children received plenty of attention as well. Our school age children enjoyed twice monthly story times, a six-week summer program culminating in a street dance, and a chance to celebrate special days throughout the year. This past year we also held twice monthly pre-school story times and invited our little ones to participate in our One Thousand Books Before Kindergarten challenge. Participants recorded books read, received a tote bag, and posed for photos for our wall. Pictured is Miss Pepper who recently achieved her goal. We have more than a dozen children participating and welcome more. Our photo wall is something to see!

This past fall we began work sprucing up our lower level which we refer to as Merrill Hall. Volunteers joined us for cleaning and painting sessions. New

curtains are up, the furniture arranged, and activities are beginning to take place. We presented the first three Star Wars films to a captivated audience and our children gave a Christmas performance in December. Funds have been set aside for continuing our work... next will be lighting and flooring.

As 2017 gets underway we look forward to another active year as our Town of Rumney celebrates its 250th Anniversary. We have several events planned including a musical program with Jeff Warner entitled Songs of Old New Hampshire which will take place on May 25th. We have already started an art class called Create for teens and adults as well as three new series of programs for the children... a science club, an American Girl club and a toddler story time. These new programs meet once or twice a month and we encourage you to check them out!

We appreciate the time and interest provided by our dedicated trustees Roger Daniels, Lorrie Eaton, and Stacie Winsor. I thank my assistants Rachel Anderson, Sheila O'Meara and Carla Demler who joined us this year. We are always busy!

But most of all we thank you, our wonderful patrons, who make our day each time you come through the door. The library belongs to all of us so do stop by. We often share information through the Plymouth Record and our blog www. rumneylibrary.blogspot.com. You are encouraged to 'like' us on Facebook and enjoy our posts.

≫ SELECTMEN'S REPORT 2016 *≤*

Looking back over the year, 2016 proved to be very productive for the town of Rumney. Perhaps the most noticeable project was the completion of the Buffalo Road Bridge project. With the funding assistance from the Federal Emergency Management Agency and New Hampshire Department of Transportation the bridge was completely replace at a minimal cost to the town of Rumney. HEB Engineers provided the engineering and project oversite. Jeremy Hiltz Excavating completed the site work. Although the detour around the project site was inconvenient for some during the summer months, the project was completed in the planned time frame. The total cost for the project was \$396,208.06, of that amount Federal Emergency Management Agency reimbursed the town 75% (\$297,156). New Hampshire Department of Transportation portion of reimburse is 20% (79,241). Resulting in a cost to the town for the bridge replacement of \$19,811 (pre-audit figures).

Included in the bridge project was a historical mitigation project resulting in the new bulletin board that is now on the front of the Rumney Historical Society Building. The center piece of the bulletin board is an 1892 D.H. Hurd Map of Rumney. The map is surrounded by several historical pictures of Rumney. If you haven't had a chance to see the new bulletin board you should make time to do so.

Following the 2016 Town Meeting approval for a new Highway Department dump truck a Freightliner dump truck was ordered. The new truck will be equipped with a dump body, new plow, and plow wing assembly.

Several new pieces of technology have been put in place at the Town Office Building. Mostly unseen by the public, these changes have been a great improvement for the day to day operations of the Selectmen's office and the Town Clerk/Tax Collector. In Selectmen's office, new QuickBooks's bookkeeping system replaced an older antiquated system. In the Town Clerk/Tax Collector's Office software allowing for one time transaction data entry replacing an old version requiring duplicate entry of information.

Safety Equipment has been added to the Town Office Building. Additional security cameras were installed, now the exterior of the building has security

coverage. The first stage of an alarm system was also added for the safety of staff working in the building.

The Selectmen's Office appreciates the continued input and support of the residents of Rumney. The Board would like to recognize the efforts of all the town employees; the time they put into the day after day operations of the town and their efficiency of keeping the town operating in a safe and efficient manner is greatly appreciated by all residences.

Sincerely,

Ed Haskell, Chairman

➢ RUMNEY POLICE DEPARTMENT 2016 <≤</p>

In 2016 the department was staffed with two full-time officers and one part-time officer. This allowed for coverage most every day of the week. There are times when a Rumney Officer is not available and when that happens the State Police provide coverage. We appreciate that our residents understand this and thank the State Police for providing coverage to our residents.

The following are some statistics for 2016. These percentages are calculated using 2015 and 2016 data. Traffic warnings are up 159% attributed to proactive motor vehicle stops by Officer Patten. Traffic accidents remain the same at 26. OHRV complaints are up 400% over 2015, domestic disturbances are up 15.38%, reported thefts are down 21%. Domestic animal complaints are up 77%. 51 pistol permits were issued in 2016 which shows an 18.6% increase over a three-year period.

We continue to receive calls from residents concerning telephone scams. The callers claim to represent the IRS, Utility Company, Sweepstakes or even a relative in trouble. Remember: Never give out personal information and if it seems suspicious, it probably is.

If you need to reach the Rumney Police Department, you can e-mail at police@rumneynh.org or call the office at 786-2149. There is an answering machine and if you leave a message someone will contact you as soon as possible. We wish our residents a healthy and safe year and thank you for your support.

🖻 2016 RUMNEY FIRE DEPARTMENT REPORT ≤

2016 was a busy year for the department. There was an increase in the number of calls – hitting 100 calls by year's end - and it was quite a variety of calls. There were more technical rescues this year and several were Mutual Aid calls such as water rescues at Livermore Falls, hiking rescues from Mt. Cube and Mt. Percival as well as from our own climbing rocks. A night rescue on Rumney's Rocks required aid from other towns due to the location of the injured party, darkness, slippery leaves on the ground and the need for additional manpower and equipment.

A common problem for all our local towns is lack of manpower. This has led to more Mutual Aid calls with Rumney assisting Warren on most of their calls and assisting Orford with this side of Mt. Cube. This department has been fortunate in gaining several new members eager to be involved. Two of our new members have completed training and become certified in Firefighter 1 and one has also passed the Nationals to be certified as an EMT.

The dry spring led to many outside fires and the Forestry/Utility truck was very busy through that time. It is well equipped, preforming well and present at all fire calls. This is definitely an asset to the department.

Gas permits have been on the rise this year. The department urges the installation of a co detector for all types of fuel, but especially for gas. The State regulations require a permit for all heating installations, gas by a licensed gas fitter and inspection before use. Unfortunately a lot of units are installed without consulting the department first.

Another objective of the department this year has been to install Knox Boxes on businesses in town. This allows the first responders to gain entry into a building after hours without waiting for an owner to arrive on site.

The Ladies Auxiliary does a wonderful job with their plant sale in May and it is always a tremendous success. This year they offered to donate an air conditioning unit to the department for the meeting room. A window unit will not work there, however, a stand up unit should and would create a cool working environment during the hot summer days. They also purchased a Pro Pack for the department which is a foam unit which will be put into service soon. We thank them for their continued support of the department.

A big thank you also goes to the residents of Rumney for their continued support and all those that support the summer breakfasts.

Respectfully submitted, David Coursey Chief

≈ 2016 REPORT OF FOREST FIRE WARDEN ≪ AND STATE FOREST RANGER

Over the past two years, New Hampshire has experienced its busiest fire seasons since 1989. 1,090 acres burned during the 2016 season. The White Mountain National Forest experienced its largest fire since becoming a National Forest, burning 330 acres in the town of Albany in November. Fires falling under state jurisdiction burned 759 acres, with the largest fire of 199 acres occurring in Stoddard. The extremely dry summer led to a busy fall fire season with large fires occurring into mid-November. Drought conditions hampered fire suppression efforts and extended the time needed to extinguish fires. Your local fire departments and the Division of Forests & Lands worked tirelessly throughout the year to protect homes and the forests. The statewide system of 16 fire lookout towers continues to operate on high fire spotting capabilities. The towers fire detection efforts were supplemented by the NH Civil Air Patrol when the fire danger was especially high.

Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2016 season threatened structures, and a few structures were burned, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

As we prepare for the 2017 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. Fire permits are also available online in most towns and may be obtained by visiting www. NHfirepermit.com. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services (DES). You are encouraged to contact the local fire department or DES at 603-271-3503 or www.des.nh.gov for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfl.org.

≫ RUMNEY HIGHWAY DEPARTMENT 2016 ≤

Another busy year for Rumney's Highway Department has come and gone. We completed several projects along with the routine maintenance of the roads.

We completed the paving of Buffalo Road from the village to Wentworth town line. We now have a bridge on the village end of Buffalo Road. We thank everyone for their patience during the construction.

Also, regrading and paving of the parking areas at the Town Office and Fire Station was completed. We also paved the apron and driveway at the Highway Garage. We also extended the paved portion of Old North Groton Road. This was due to taking advantage of the favorable paving prices. We also completed the drainage work on Old North Groton Road.

We are now anticipating the arrival of the town's new dump truck that was voted on in 2016. After the bidding process and deciding on the truck package for the town's new dump truck, there were delays in the delivery. However, we expect the truck to be here any day now.

In December, Evan Hacker left us to become the Road Agent in Dorchester. We wish him well. The hiring process for Evan's replacement is underway.

➢ RUMNEY TRANSFER STATION 2016 <≤</p>

Hello Everybody, we close on another good year at the Rumney Transfer Station. Again, I want to extend our greatest thanks to the residents for all the hard work you put into recycling. It goes a long way towards making our world a little better. Thanks, everybody!!!

We've had some high points and some low points, the low point was when we lost our paper company, so now we bale our paper and hope we get good prices. It's a little more work, but worth it in the long run. The high points are, that this summer, we can install a new loading dock out back. This means that it will be able for us to load trucks in the winter, so we can take advantage of the better prices for our recyclables, and we had to replace our power unit for the hopper this year, after 40 years old and 2 rebuilds, she retired. But the new one really compacts twice as good as the old, so we can fill the can even more.

The prices on the recyclables is improving a little bit at a time, but it is a slow process. I shop around so we can get the best deal for our recyclables, it's hard when the market is hardly moving.

You will notice we are wearing bright colored vests, some new rails by the hopper and our new traffic signs. These were all done with safety in mind for employees and residents alike. We are always striving for improvements at our facility.

If you have any questions or comments, call or leave a message at the transfer station, 786-9481 and I'll get right back to you as soon as I can.

Thank you and I'll see you at the transfer station,

Sonny, Justin and Andrew

Dear NRRA Member,

As a member of Northeast Resource Recovery Association (NRRA), your community has access to all the services of this first in the nation, 36-year old recycling cooperative. Your member-driven organization provides you with:

- Up-to-date Technical Assistance in waste reduction and recycling including solid waste contract negotiations;
- Cooperative Marketing to maximize pricing and Cooperative Purchasing to minimize costs;
- Current Market Conditions and Latest Recycling Trends, both regionally and nationwide;
- Innovative Programs (i.e. Dual Stream, Consolidation and Single Stream);
- Educational and Networking Opportunities through our Annual Recycling Conference, our Monthly "Full of Scrap" email news, monthly Marketing meetings, members' only website, workshops and Fall Facility Tours;
- School Recycling Club a program to assist schools to promote or advance their recycling efforts;
- NH DES Continuing Ed Credits;
- NH the Beautiful Signs, Grants, Bins and Recyclemobiles.

NRRA membership has grown to include more than 400 municipalities, businesses and individuals in New Hampshire, Vermont, Massachusetts, Connecticut and Maine. NRRA, as a non-profit organization, is unique in that we do not charge a "brokerage fee" or work to maximize profit gains, but rather has a minimal "Co-op" Fee" which is re-invested to further your recycling programs and solid waste reduction efforts in schools and municipalities.

Through your continued support and dedication, NRRA has assisted our members to recycle over 54,699 tons in fiscal year 2015-2016!

Please contact NRRA at 800-223-0150 / 603-736-4401 or visit our website at www.nrra.net

Congratulations for being such active recyclers!

Below please find information on the positive impact your recycling has had on our environment.

The recyclable materials listed below were sent to market to be remanufactured into new products through your non-profit recycling organization, the Northeast Resource Recovery Association.

Recyclable Material	Amount Recycled In 2016	Environmental Impact! Here is <u>only one</u> benefit of recycling materials rather than manufacturing products from virgin resources
Paper	27 tons	Saved 470 trees!
Plastics	26,960 lbs.	Conserved 20,220 gallons of gasoline!
Steel Cans	12.5 gross tons	Conserved enough energy to run a 60 watt light bulb for 726,960 hours!

Avoided Emissions:

Recycling uses much less energy than making products from virgin resources, and using less energy means fewer greenhouse gases emitted into the atmosphere.

By recycling the materials above, you have avoided about 131 tons of carbon dioxide emissions This is the equivalent of removing 28 passenger cars from the road for an entire year

➢ PEMI-BAKER SOLID WASTE DISTRICT 2016 <</p>

This past year, the Pemi-Baker Solid Waste District continued its cooperative efforts to promote waste reduction, increase recycling, and to provide residents with a means of properly disposing of their household hazardous waste (HHW).

The District held two (2) one-day HHW collections, one in Littleton and the other in Plymouth. A total of 161 households participated in the program – down from last year's high of 269. It was estimated that over 11,000 tons of material was collected. Total expenses for this year's program (disposal costs, advertising, & insurance) were \$22,348. The District was awarded a grant from the State of NH for \$5,587, and received a \$5,000 donation from Casella Waste. The net expenditures for the program were \$11,761 (a cost of \$.42 per resident).

In 2017, the District will once again hold collections in Littleton (Sunday, August 27th) and in Plymouth (Saturday, September 30th). Individual residents can help to minimize the District's disposal costs and reduce the toxicity of the waste stream by remembering a few of these helpful tips; Buy only what you need. If you have leftover product, properly store it so it will last. Use biological controls and organic products for pests and diseases in the garden when feasible. Apply chemical pesticides only as a last resort and be sure to follow the directions on the label. Lastly, air-dry your leftover latex paint. When completely dried, latex paint may be disposed of in your household trash.

The district also coordinated a fluorescent light bulb collection and recycling program, which involved all member towns. This year roughly 41,410 linear feet of fluorescent tubes was collected, as well as 2,785 compact fluorescent bulbs, and 258 pounds of ballasts and batteries. The total cost for this effort was \$2,830.21 covered by district dues.

Prices paid for processed recyclables have been on the upswing over the last few months, so revenues for transfer stations should see some improvement compared to last year; however, they are still below the prices seen a few years ago. The composition of recyclable materials has also been changing. Containers are getting lighter, and many items, such as

fruit juices and laundry detergent, are now being packaged in non-recyclable bags rather plastic bottles. So it's taking more effort to get full loads. When selling your recyclables, be sure to call multiple brokers as prices can vary between brokers. Even small differences can add up to significant dollars over the course of a year. Brokers also can offer a wide array of collection options (single-stream, co-mingled, split loads, etc) to best suit your recycling facility. What works for one town may not work for another, but no matter the circumstances, there are many possibilities for members to decrease waste and increase recycling efforts. We are very fortunate to have some of the best municipal recycling programs in the State as well as a knowledgeable and innovative group of facility operators. If your town has questions, issues, or concerns you would like to address, please use the resources you have available. New Hampshire the Beautiful offers grants to NH communities to help with the purchase of recycling equipment. Grants may total up to one-half of the purchase price of such things as balers, roll-off containers, collections bins, or other equipment that will assist a town in achieving a higher diversion rate. More information on the grant program is available at www.nhthebeautiful.org.

As always, citizens interested in participating in the development of the District's programs are welcome to attend the District's meetings. Information regarding the place and time of the meetings is available at all municipal offices and recycling centers. If at any time an individual community needs assistance in regards to their solid waste/recycling program, please contact the District by email at pemibakerswd@yahoo.com

The Board continues to update the Subdivision Regulations adding legislative changes that have been approved in Concord. This project will hopefully wrap-up in 2017 with a hearing to present the new and better regulations to the town's people.

The other major project undertaken was the update to the Capital Improvement Plan. Meeting with all the department heads and reviewing their capital needs and the status of the Capital Reserve Funds requires at least three months of meetings. The finished product is utilized by the Select Board as they start the budget process in October.

The Board processed two boundary-line agreements this year and there were five driveway applications received. Two of these were temporary permits for logging and one was for access to the new cell tower on Prospect Hill (tower went on line with T Mobile on December 2, 2016).

Excavation and blasting remain as ongoing projects with no present issues. Pit inspections were completed in April.

Please contact the Board if you have any questions about your upcoming projects – always better to ask first.

NOTICE TO PROPERTY OWNERS

New Hampshire municipalities are required by N.H. RSA 674-39-aa to notify residents that involuntarily merged lots may be restored to premerger status upon the owner's request.

If the Town of Rumney has merged contiguous lots for the purpose of assessment, taxation or mapping without the proper authority of the owners, those owners have until December 31, 2021 to notify the Selectmen of the fact, whereupon the Selectmen shall restore the properties to their premerger status.

This notice will remain posted at the town office and on the town's website at <u>www.rumneynh.org</u> until December 31, 2021.

It will be published in each Town Report through 2020.

Per order of the Rumney Board of Selectmen

➢ RUMNEY CONSERVATION COMMISSION 2016 ≤

The Rumney Conservation Commission is organized under RSA 36-A:2 for the proper utilization and protection of natural resources and for the protection of watershed resources of the town. Conservation Commissions do not have regulatory authority; rather we conduct research into local land and water areas and serve as a source of information for residents. We develop maps that indicate open space, wetlands, natural, aesthetic or ecological areas within the town and may recommend programs for the protection, development or better utilization of such areas.

The Rumney Conservation Commission (RCC) members are appointed by the Select Board of the town. Current members include Maggie Brox (Secretary), Doug Earick, Nate Everts, Joel Grass, Janice Mulherin (Chair), Susan Sepenoski and Judy Stokes-Weber (Vice-Chair). RCC meetings, held on the second Wednesday of the month at 7:00 pm at the Town Office, are open to the public. We welcome citizens' input. RCC continues to rely on volunteers to help with projects, planning and outreach activities in the community.

- RCC manages the Conservation Fund (funded by 50% of the Land Use Change Tax assessed when land is withdrawn from Current Use) for long-term stewardship and protection of important conservation lands in Town.
- RCC works with landowners, Planning Board, Select Board and NH State agencies to encourage and insure compliance with shore land protection, wetlands and forest land use regulations, an important obligation of community conservation commissions. Note that RCC is not a regulatory body; we provide information and guidance to citizens to help them protect natural resources and secure permits when needed.
- RCC financially supports the Lake Host Program on Stinson Lake. This program reminds boaters to clean their boats to reduce the spread of non-native plants in the lake.
- We contribute articles to the column in the Record Enterprise Conservation Matters.
- We support a local youth's attendance to the Barry Conservation Camp in Berlin, New Hampshire.
- We maintain the field at the Jim Darling Natural Area.

This year we will increase our focus at the Jim Darling Natural Area by cleaning up, dealing with the invasive Japanese Knotweed and applying fresh stain to the signs. As Rumney celebrates its 250th anniversary, we hope you will take this opportunity to visit the Jim Darling Natural Area. It is a great way to access the Baker River and to experience the sights and sounds of the river habitats. We are always looking for new members, if you have an interest; please contact us through the Town Office.

🖻 Baker River Watershed Association 2016 ≤

The Baker River Watershed Association (BRWA) works with towns along the Baker River to promote preservation of water quality for safe recreational use as well as best practices for reduction of flood risks and drinking water protection. As part of it's service to the towns, water quality volunteers take measurements at 13 sites stretching from Warren to Plymouth, and send samples to State labs for analysis of *E. coli* and chloride levels. The towns support the lab fees and results are immediately provided to representatives in each town.

In general, 2016 was a relatively quiet year for the Baker River, with watershed communities facing no major disasters, contaminant spills or floods. Because of extreme drought, however, *E. coli* levels steadily increased over the summer and became an emerging health concern in Wentworth, Rumney and Plymouth by September. Additional samples collected in Plymouth and Rumney in October showed that levels continued to rise at some sites but not all. In July, a dead moose was noted lying in the Baker River in Rumney. While this could cause spikes in *E. coli* levels downstream, it does not account for the higher than average levels in Wentworth. With drought, problems of contaminated groundwater become more noticable because there is less natural water to dilute it. Most commonly, *E. coli* enters groundwater from problems with overflowing septic tanks and/or inadequate leach fields.

The BRWA's primary purpose is to ensure that communities along the river have the opportunity and a mechanism through which they can work together to reduce the risk of future problems. The BRWA encourages each town to nominate a representative to serve as liaison between town administrations and the BRWA. Without this representation, towns cannot take advantage of all the benefits a watershed association has to offer. The BRWA is currently seeking a secretary and treasurer and additional representatives (maximum of two per town) to serve on the Steering Committee for Wentworth, Rumney and Plymouth. Warren is currently fully represented. The BRWA Steering Committee meets 2-3 times a year to discuss emerging needs and opportunities within the watershed.

Looking ahead, November 2017 marks the 90th anniversary of the biggest flood on record on the Baker River, peaking at almost 7.5 feet over flood stage in Rumney. There have been seven major floods since then, at more than 3 feet above flood stage, but none reached the extreme of the 1927 event after the Army Corps of Engineers built 17 overflow basins in the upper reaches of the river. The BRWA can advise towns and property owners on land management practices to reduce flood losses.

Follow BRWA happenings on the web (<u>http://www.bakerriverwatershed.org</u>) and Facebook (<u>https://www.facebook.com/BakerRiverNH</u>/). Contact the Chair (<u>chair@bakerriverwatershed.org</u>) to volunteer as a representative, a water tester or to serve as a BRWA representative for your town.

2016 BRWA Steering Committee: Lisa Doner, Chair and Plymouth River Monitor and Representative David Saad, vice-Chair and Rumney Representative Ellie Murray, Wentworth Representative Kevin Hopkins, Warren River Monitor and Representative Jay Johnson, Warren River Monitor and Representative

➢ RUMNEY HISTORICAL SOCIETY 2016 ≤

Between our normal schedule of events and helping with planning for the celebration for the 250th Anniversary of the Town's founding in 2017; 2016 was a very busy year at the Rumney Historical Society.

In 2016 the Museum was open from 10:00 am to 2:00 pm every Saturday from Memorial Day weekend through Labor Day weekend. The annual Ice Cream Social was postponed due to rain from July 10 to August 4 and was, as usual, well attended and a fun, family oriented event for all who attended. On September 15, we hosted Adam Boyce from West Windsor, VT who portrayed Charles R. Taggert, Travelling Entertainer. The program was partially funded through a grant from the New Hampshire Humanities Council. Mr. Boyce thoroughly entertained the audience with his story-telling and fiddle playing talents. As a special treat, Roger Daniels provided his Edison cylinder phonograph to play cylinders of the real Charles R. Taggert performing following Adam Boyce's performance. Two well attended guided walking tours of Rumney Village were held on the evenings of June 23 and September 22. We ended the year with our annual Christmas Tea on Sunday, December 4 just prior to the Town's Christmas tree lighting on the Town Common.

Over the summer, we met with representatives of the Plymouth State University's Museum of the White Mountains to help them prepare for an exhibit to be held at their Museum this summer. We will be loaning them, from our collection, brochures from two of the summer camps at Stinson Lake for the exhibit entitled "Summer Camps: The White Mountain Roots of an Iconic American Experience" will run from May 1 to September 15, 2017 at the Museum, 34 Highland Street in Plymouth. The Rumney Historical Society also worked to help implement the "mitigation" aspect of the Buffalo Road bridge replacement in 2016. This involved replacement of the old sign board on the front of the Old Town Hall with a new sign that features a D.H. Hurd map of Rumney dated 1892 and includes twenty historic photos from all sections of the Town from the Rumney Historical Society's collection.

In addition to serving as a resource for other Town organizations planning special events for the 250th Anniversary celebration in 2017, the Rumney Historical Society will be sponsoring a variety of events through the year. In addition to the regular Museum hours, the Ice Cream Social, and the Christmas Tea we will present several new events this year. On the evening of Thursday, May 25 we will be working with the Byron G. Merrill Library to present a NH Humanities Council program by Jeff Warner entitled Sounds of Old New Hampshire. In addition, the Historical Society will be presenting a series of five presentations at the Museum on Saturdays from 2 to 4:00 pm. Each presentation will focus on one of the five "village" areas of Rumney. The presentations will be as follows: June 10 – Quincy/ East Rumney; June 24 – Stinson Lake; July 8 – West Rumney; July 22 – Rumney Depot; August 5 – Rumney Village. On the Saturday of Old Home Day (August 12) all of the video presentations will again be shown throughout the day. We are also working to develop and offer additional guided walking tours for some of these locations during the year.

The annual membership meeting of the Rumney Historical Society will be held at 10:30 am on Saturday, March 25. All members are invited to attend. Our annual membership letter was sent out in February. If you are interested in becoming a member please contact us a PO Box 495; Rumney, NH 03266 for a Membership Application.

Finally, the Rumney Historical Society could not possibly fulfill its mission without the hard work of its volunteer Board and Members. If you have an interest in helping on any of our projects, please contact meat the address above.

Tom Wallace, President Rumney Historical Society

≫ WELFARE ADMINISTRATOR'S REPORT 2016 <

This year the Town authorized \$3,575.00 in direct assistance payments. The Welfare Administrator had fourteen contacts/inquiries during the year. Requests for assistance were granted for the following:

Rent	\$1,600.00
Electric	\$750.00
2016 Total	\$2,350.00

Nine other parties inquired about town assistance. They were given an application for assistance along with information of other local assistance programs. In these nine situations, they were able to gain assisted by other organizations.

Each applicant is required to submit specific verifications in order to determine their current financial status. Applicants are also required to apply for other assistance that may be available to them (i.e. food stamps, WIC, unemployment, fuel assistance, Project Care, etc.). Assistance is paid using a voucher system. The individual vendors are given a town voucher signed by the welfare administrator and the client. Payment is then made directly from the town to the vendor.

RSA 165:28 Liens on Real Property. - The amount of money spent by a town or city to support an assisted person under this chapter shall, except for just cause, be made a lien on any real estate owned by the assisted person. The liens are effective until enforced as provided in this chapter, or until released by the selectmen or city council; provided that there shall be no enforcement of the lien so long as the real estate is occupied as the sole residence of the assisted person, his surviving spouse, or his surviving children who are under age 18 or blind or permanently and totally disabled. Interest at the rate of 6 percent per year shall be charged on the amount of money constituting such lien commencing one year after the date of the filing of the lien unless a majority of the selectmen in the town or the councilmen in the city vote to waive such interest. The selectmen or council may file a notice of the lien or an acknowledgment of satisfaction of the lien with the register of deeds of the county in which the assisted person owns real property. A notice of lien which contains the owner's name and a description of the real property sufficient to identify it is a valid lien on the property. The register of deeds shall keep a suitable record of such notices without charging any fee therefor, and he shall enter an acknowledgment of satisfaction of the lien upon written request of the selectmen or the council without fee.

If rental assistance is granted to a client and the landlord owns property in town and has back taxes due, the payment is made directly to the town towards the unpaid balance. When security deposits are authorized, the deposit is in the Town of Rumney's name, not the client's. If the client leaves the rental and a deposit is returned, it comes back to the Town.

We do appreciate the additional assistance that the area agencies provide to our residents in need.

Respectfully submitted,

Joe Chivell Welfare Administrator

Today was the day that we could not say "it never rains on Rumney Old Home Day." We started with an overcast sky but had an awesome parade with Ila Keniston back as our grandmarshall. We are very lucky to have Ila participating as our Boston Post Cane recipient.

By late morning we realized our events needed to move along and try to beat the rain. The Baker Valley Band played from their vehicle on the side street.

Some of the events were able to take place on the platform and others were under the tent.

We were able to do most of our usual raffles and morning activities. The dedicated vendors hung in there under their tents as raindrops fell and Dick Mardin played his fiddle while we were wrapping up. By 1:30 our day pretty much wrapped up. We were

able to close the day with the dinner at the Rumney Baptist Church. The following Friday we finished our activities with the ice cream social, fry pan toss and wonderful fireworks at the school.

A lot of the committee's time has gone into working toward the celebration of Rumney's 250th celebration which is taking place in 2017.

There are many to thank – the Rumney Library Staff, Fire Department and Auxiliary, the Police Department, Highway Department, Selectmen and staff, Rumney Baptist Church, Russell Elementary School and staff, Historical Society, all the businesses and people that supported this day and all those that entertained us through the day and at the school.

Thanks to our dedicated Old Home Day Committee for the many hours that have gone into planning this event year after year. As we craft the events for 2017 we appreciate our new committee members and look forward to a fun and exciting 250 in 2017.

Respectfully submitted, Diana Kindell and Gail Carr Co-Chairs Rumney Old Home Day Committee

STATE OF NEW HAMPSHIRE ≪ TOWN OF RUMNEY2016 ANNUAL TOWN MEETING MINUTES

To the inhabitants of the Town of Rumney in the County of Grafton and State of New Hampshire qualified to vote in town affairs:

You are hereby notified to meet at the Russell Elementary School Gymnasium on School Street in said Rumney on Tuesday, the 8th day of March 2016, next, at 8:00 o'clock in the morning at which time the polls shall be opened for balloting on Article 1 and shall close not earlier than 7:00 o'clock in the evening, and you are hereby notified to meet at the Russell Elementary School Gymnasium in said Rumney on Thursday, the 10th day of March 2016, next, at 7:00 o'clock in the evening for the second session of the Town Meeting at which time action will be taken upon the remaining articles in this warrant.

The Town Meeting was opened at 7:02 PM by Moderator James Buttolph. He asked all the veterans to stand and they were recognized for their time of service to our country. Then we said the Pledge of Allegiance to the American flag.

Moderator James Buttolph gave a brief history of elections held in New Hampshire. Voter fraud was rampant by the later 1800s. Prior to 1890 there was no statewide voter program. So in 1891 the state gave each town a wooden ballot box. In 1892 the first secret ballot election was held, tailored after the "Australian Ballot." In honor of our first Presidential Primary in 1916, Secretary of State, William Gardiner had a poster made of photos of the wooden ballot boxes still in existence. Our poster is hanging on the wall at the school. We still have and use our original ballot box to this day.

On behalf of the town, Mark Andrew publically expressed appreciation to former Town Clerk-Tax Collector, Linda Whitcomb, for her years of service to the Town of Rumney. A gift from the Town will be delivered to her at her home.

<u>ARTICLE 1</u>: To choose all necessary town officers for the ensuing year (by official ballot on March 8th):

ARTICLE 2: To see if the Town will vote to raise and appropriate the sum of \$190,000 for the purchase of a Highway dump truck and related accessories and to authorize the issuance of not more than \$190,000 for notes or bonds for the period of not more than 5 years, in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes to determine the interest rate thereon. (2/3 ballot vote required) Recommended by the Selectmen.

ACTION: Article 2 was read; a motion was made to put it on the floor and was seconded. After much discussion an amendment was proposed by Gerard Thibodeau. The amendment was written as follows:

To see if the Town will vote to raise and appropriate the sum of \$190,000 for the purchase of a Highway dump truck and related accessories and to authorize the issuance of not more than \$70,000 for notes or bonds for the period of not more than 5 years, in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes to determine the interest rate thereon, and to withdraw up to \$120,000 from the Highway Equipment Capital Reserve Fund, established in 1997 . (2/3 ballot vote required)

The amendment passed by a voice vote.

After allowing the ballot open for one hour, the article as amended was approved by secret ballot, 46 YES to 7 NO, after allowing the ballot open for one hour.

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of \$52,058 for the replacement of the Buffalo Road Bridge, #128/073 with \$33,472.50.00 of said sum to come from the FEMA Hazard Mitigation Grant Program, \$14,868 of said sum to come from the NHDOT State-Aid Bridge Program, and the remaining \$3,717.50 of said sum to be withdrawn from the Bridge Repair & Maintenance Capital Reserve Fund (established in 2008). The Selectmen recommend this special article. (Majority vote required)

ACTION: Article 3 was read; a motion was made to put it on the floor and was seconded. With no discussion the article passed by a voice vote.

ARTICLE 4: To choose three members for the Advisory Committee:

➢ 2016 ANNUAL TOWN MEETING MINUTES ≤

- 1 for a 3-year term from the Depot
- 1 for a 3-year term from Quincy
- 1 for a 1-year term from Rumney Village

ACTION: Article 4 was read; a motion was made to put it on the floor and was seconded.

There were no nominations for the Depot area. Robert Berti was nominated and seconded to represent the Quincy area and the Town Clerk was instructed to cast a single vote. Kevin Maes was nominated and seconded to represent the Rumney Village and the Town Clerk was instructed to cast a single vote. Both were declared elected.

<u>ARTICLE 5:</u> To see if the Town will vote to raise and appropriate the sum of \$463,307 to defray the following General Government Expenses for the ensuing year. (Majority vote required)

General Government Expenses	
Executive	\$ 63,816

by those bodies. This article will remain in effect until rescinded by majority vote. (Majority vote required)

ACTION: The article was read; a motion was made to put it on the floor and seconded. Discussion: Concern was expressed that this article would give any present or future Board of Selectmen too much power to acquire property. Referencing RSA 41:14-a, the town was assured of the limits and safeguards limiting the Board's power. The purpose of the article is only to give the town the ability to acquire gifted property. The article was passed by a voice vote.

ARTICLE 31: To hear reports of agents, auditors, and committees heretofore chosen, to pass any vote relating thereto, and to transact any other business that may legally come before said meeting.

The being no further business the meeting was adjourned at 9:17 pm.

Respectfully submitted,

Paulette Bowers, Rumney Town Clerk

➢ AMMONOOSUC COMMUNITY HEALTH ≪ SERVICES INC. 2016

In 2016, ACHS celebrated 40 years of providing comprehensive primary preventive health care to anyone, regardless of their ability to pay. Support from the Town of Rumney is extremely important in our continued efforts to provide affordable health care services to the 26 rural towns in our service area. Our sliding fee scale for payment of services provides a vehicle for uninsured and underinsured patients to get the health care they need in a timely manner. Keeping just one patient out of the ER could save taxpayers \$1,000-\$1,500 (average cost of an ER visit).

Access to affordable dental and oral health care is difficult for many in the North Country who lack the means to pay for these services. Poor oral health can lead to many other serious health issues and often leads to costly hospital ER visits where the actual causes of the problem cannot be addressed. ACHS opened the first community oral health program in northern New Hampshire on the ACHS-Littleton campus in January of 2016. This program is available to all and we offer a sliding fee scale for payment to those who qualify. For more information about this program, please visit our website: www.ammonoosuc.org/services/dental.

➢ PEMI-BAKER COMMUNITY HEALTH ≪ 2016

Pemi-Baker Community Health (PBCH) is a non-profit offering home health, hospice, outpatient rehab, aquatic & fitness memberships, and community services.

Healthcare faces the challenge of significant new service demands, an uncertain financial and regulatory climate, and competition for a limited pool of qualified caregivers. In addition, rising health care costs and the reductions in government funding add to the challenges of providing quality care, regardless of ability to pay. Towns and individuals who support PBCH make it possible to continue the mission Dorothy Westberg began on July 17, 1967. Today, over 50 staff members provide skilled nursing, home health aide services, physical therapy, aquatic therapy, occupational therapy, speech therapy, homemaking and social work annually to almost 600 patients in more than 12 communities, no matter their ability to pay.

Town funds are used to match grant funding, to provide services to those with limited or no ability to pay and to augment (as in Hospice care) the cost of services that are not covered through third party payers. The agency is dependent upon charitable donations and town funds to continue to provide services. Our website www.pemibakercommunityhealth.org is a resource for the many programs offered at PBCH.

Health is not a moment in time, but an ongoing adventure. Decisions about being healthy happen from the day we are born until the day we die. PBC/Y's programs assist members of our community in this journey to become and stay healthy through life and with Hospice we can make the end of life journey one of hope, and dignity while putting the national/family in the driver's seat. Most of our community members would choose to remain healthy at home and ny have been able to realize this possibility.

Pemi-Baker Community Health is interested in the complete health of the community. Our primary services are:

- a> Home Health (nursing, physical therapy, occupational therapy, speech therapy, social work, LNAs, and nutritional counseling) - in the home setting
- 20 Hospice (nursing, therapy, social work, hospice director, and LNAs) in the home setting
- 89 Outpatient Therapy (Physical, Occupational, and Aquatic Therapy) available on site

Supplemental Programs offered:

- 20 Drop In Bereavement Group
- 80 Mindfulness & Meditation for Grief & Loss
- 80 Drums Alive
- 80 Tai Ji Quan and Moving for Better Balance
- 80 Women's Day of Wellness
- 80 Gym and Aquatics Memberships
- American Red Cross CPR/First Aid/Lifeguarding

to Foot Clinics

- 80 Blood Pressure Clinics
- 80 Flu Shot Clinics
- 80 Nutrition Classes
- to Health Presentations
- 89 Aquatics Fitness Classes

➢ VOICES AGAINST VIOLENCE ≪ ANNUAL REPORT FOR 2016

Dear Budget Committee:

From July 1, 2015 to June 30, 2016 Voices Against Violence worked with 680 adult and child victims / survivors who have been affected by domestic or sexual violence, or stalking. In Rumney alone, we provided 129 contacts (95 service hours) to 31 male and female victims of domestic violence or sexual assault, as well as provided countless hours of education and support around these issues to other individuals and organizations in your town.

Direct services included crisis counseling through our 24-hour hotline; one-on-one crisis and ongoing advocacy; providing emergency shelter to women and children; support groups; hospital, police and court accompaniment; restraining orders and other legal assistance; providing food, clothing, and transportation; advocating for families' medical/mental health, housing, and financial needs; assisting with educational and employment opportunities; and much more.

Following are the services we provided to adults and children living in Rumney in the 2015-2016 year (please note, individuals may receive multiple services):

To the Residents of Rumney:

"A healthy population enables growth, productivity, and helps create an economic environment that will sustain New Hampshire's future well-being." ~ 2014 Sentinel Event Review Report

Thank you for investing in Genesis Behavioral Health!

The appropriation we received from the Town of Rumney's 2016 budget helped Genesis Behavioral Health provide 24/7 Emergency Services to any resident of Rumney experiencing a mental health crisis, regardless of their ability to pay.

During Fiscal Year 2016 (July 1, 2015 to June 30, 2016), **59** residents of Rumney received services from Genesis Behavioral Health, and **14** of these individuals utilized Emergency Services. Genesis provided **\$15,087** in charitable care to Rumney residents.

According to recent community needs assessments, access to mental health care and substance misuse treatment continues to be a priority community need for Belknap and southern Grafton Counties. Reduced access to treatment leads to increased demand on many of the systems in our community, including emergency rooms, law enforcement, first responders, courts, corrections, schools and municipalities. The economic cost of untreated mental illness is more than \$100 billion each year in the United States, causing unnecessary disability, unemployment, substance abuse, homelessness, inappropriate incarceration, suicide and wasted lives (National Alliance on Mental Illness, 2011).

A partnership with the municipalities we serve is critical to the sustainability of the Emergency Services program. The repercussions of reduced funding and limited access to mental health care are devastating for our communities. Mental health treatment helps people foster fulfilling relationships, maintain stable employment and lead productive lives. Genesis Behavioral Health improved the health of 3,976 individuals living with – and recovering from – mental illness last year. On behalf of them, thank you for your contribution.

Sincerely,

Margares m. Ritchard

≫ CADY ≪ ANNUAL REPORT FOR 2016

Communities for Alcohol- and Drug-Free Youth would like to thank the citizens of the Town of Rumney for your support over the past year—together we are building possibilities, potential, and promise for our youth!

Addiction is one of the most complex issues facing NH today—the consequences of this epidemic are severe with overdose deaths stealing the lives of so many of our young people. The most responsible and humane strategy is to stop these tragic situations from occurring in the first place. Director of the White House Office of National Drug Control Policy recently stated, "Addiction doesn't start with prescription drug abuse or heroin use. It starts with alcohol, tobacco and marijuana. If we want to end the epidemic our country is experiencing, then we must put resources on the ground for prevention." As I write this year's annual report, I am excited to share information about the progress we have made, together with our community partners, over the past year.

Our non-profit organization exists because our programs work. At CADY we see growth every day in the inspiring faces of our youth as they learn, grow, and thrive—we can only do this vital work with your involvement and support—thank you!

When you invest in CADY you provide the opportunity for local teens to build resiliency through asset-building, high-impact prevention programming such as the Launch Youth Entrepreneurship Program and the Youth Advisory and Advocacy Council as well as through school-based initiatives. And you reclaim futures by giving vulnerable youth a second chance to overcome challenges, to grow and to turn their lives around through Restorative Justice, our region's only juvenile court diversion program. Many high-risk youth in Restorative Justice are already struggling with substance use disorders—we know that when we intervene early, we can prevent entry into the addiction pipeline and save lives.

Our outreach work included an ongoing media campaign designed to raise awareness on substance misuse and solutions with submissions to the Hometown Voice, school newsletters, the PennySaver, and the Record Enterprise as well as social networking sites of Facebook, Twitter, and YouTube. We also launched a new website (www.cadyinc.org) in September with a video library and other outstanding resources for parents and community members. We collaborated with Speare Memorial Hospital on an Opiate and Heroin Media and Outreach Campaign to raise perception of risk and prevent addiction as well as connect those struggling with addiction to regional and statewide resources. We launched a new initiative: TEACH OUR CHILDREN WELL: The Truth About Drugs in collaboration with Plymouth Rotary and other key partners to provide a high-impact, powerful learning opportunity for parents and other caregivers in our region.

Beyond our primary prevention mission, our work with the Substance Use Disorders Continuum of Care statewide system included four Naloxone Kit Distribution events; ongoing promotion of the NH Statewide Addiction Crisis Line (1-844-711-HELP); providing resources to families of children struggling with addiction through vital information, referrals, and empowering tools to access treatment and recovery and save their children's lives; roundtables with our federal delegation to communicate local needs to help inform federal legislative activity; and hosting of inspiring keynote speakers at our Annual Regional Prevention Summit in May to bring awareness to our community and partners that prevention works, treatment is effective, and recovery is possible.

While we are grateful for our many successes, we have a long way to go. We know that many worthwhile causes turn to you for support and we want you to know that we are grateful and honored for your ongoing commitment to preventing substance abuse and addiction—thank you.

Sincerely,

Deb Naro, CADY-Executive Director

≫ CASA ≪ ANNUAL REPORT FOR 2016

On behalf of Court Appointed Special Advocates (CASA) of New Hampshire, I am writing to respectfully request inclusion in the Town of Rumney's 2017 budget. CASA of New Hampshire is a statewide, nonprofit organization that recruits, screens and trains volunteers to advocate for victimized children in New Hampshire courts.

When an abused or neglected child is thrust into the confusion of the court or foster care system, our trained Volunteer Advocates are there to offer stability and support to a child in need. CASA Volunteer Advocates present their recommendations directly to the judge, thereby ensuring that the child's best interest is being considered at every step of the case. *We are the only nonprofit organization in the state to carry out this important work.*

Currently, our Volunteer Advocates speak on behalf of 80% of our state's abused children who come to the attention of New Hampshire's family courts through no fault of their own. As the heroin epidemic continues to shake communities across the state, we have faced a significant increase in the number of children in need of advocates. Your support is vital to ensuring that the children who have been affected by their parents' and caregivers' addiction have the chance to grow up in a safe, loving home.

These children come from towns and cities across the state, including the Town of Rumney. Our volunteers also live and serve in these communities. The chart below shows the

(Due to the confidential nature of our work, numbers for your town cannot be released.)

CASA of NH continually strives to serve 100% of NH's children in need of compassionate advocates. We believe it is critical that a competent and caring adult stand up for each and every abused child. By ensuring them a safe, permanent home, we give these children the chance to become healthy productive adults. We respectfully request your consideration for funding of **\$500.00** in your 2017 budget. With your support, CASA can continue to make a difference in the lives of abused children.

Respectfully,

Mauria Sunto

➢ GRAFTON COUNTY ≪ SENIOR CITIZENS COUNCIL INC. ANNUAL REPORT FOR 2016

Grafton County Senior Citizens Council, Inc. is a private nonprofit organization that provides programs and services to support the health and well being of our communities' older citizens. The Council's programs enable elderly individuals to remain independent in their own homes and communities for as long as possible.

The Council operates eight senior centers in Plymouth, Littleton, Canaan, Lebanon, Bristol, Orford, Haverhill and Lincoln; and sponsors the Grafton County ServiceLink Resource Center and RSVP and the Volunteer Center. Through the centers, ServiceLink, and RSVP, older adults and their families take part in a range of community-based long-term services including home delivered meals, community dining programs, transportation, outreach and counseling, chore/home repair services, recreational and educational programs, and volunteer opportunities.

During 2015-16, 74 older residents of Rumney were served by one or more of the Council's programs offered through the Plymouth Regional Senior Center, and 45 were assisted by ServiceLink:

- Older adults from Rumney enjoyed 651 balanced meals in the company of friends in the Plymouth center's dining room.
- They received 1,127 hot, nourishing meals delivered to their homes by caring volunteers.
- Rumney residents were transported to health care providers or other community resources on 54 occasions by our lift-equipped bus.
- They received assistance with problems, crises or issues of long-term care through 34 visits with a trained outreach worker and 106 contacts with ServiceLink.
- Rumney's citizens also volunteered to put their talents and skills to work for a better community through 281 hours of volunteer service.

The cost to provide Council services for Rumney residents in 2015-16 was \$21,010.22.

Such services can be critical to elderly individuals who want to remain in their own homes and out of institutional care in spite of chronic health problems and increasing physical frailty, saving tax dollars that would otherwise be expended for nursing home care. They also contribute to a higher quality of life for older friends and neighbors. As our population grows older, supportive services such as those offered by the Council become even more critical. *Runney's population over age 60 has increased by 51% over the past 20 years according to U.S. Census data from 1990 to 2010.*

Grafton County Senior Citizens Council very much appreciates Rumney's support for our programs that enhance the independence and dignity of older citizens and enable them to meet the challenges of aging in the security and comfort of their own communities and homes.

⇒ TRI-COUNTY ⇒ TRI-COUNTY ⊂COMMUNITY ACTION PROGRAM FOR 2016

Tri-County Community Action/Grafton County is requesting \$ 3,895.00 in funding from the Town of Rumney at your 2017 Town Meeting to help support its Community Contact programs. Community Contact is the field services arm of the Tri-County CAP. Our purpose is to assist low-income, elderly and disabled persons to solve problems and meet their physical and financial needs. We accomplish this by providing information, counseling, referrals, budget counseling, guidance and organizational assistance and by effectively linking households with CAP assistance programs and using community resources.

Below is the breakdown of assistance that the Grafton County Community Contact office provided to the **112** residents of **Rumney** who have been served over the last year from July 1, 2015 and June 30, 2016:

Program	Households	Dollar Amounts
Fuel Assistance	46	\$ 37,845.00
Weatherization	2	\$ 9,815.40
Electric Assistance	43	\$ 26,979.05
		\$ 74,639.45
Total:		

Tri-County Community Action provides necessary services for the less fortunate citizens in our communities, who would otherwise have to seek help from the town. We are depending upon funding from your town and neighboring communities countywide. The local funds are used to make available local intake and support for federal and state programs including Fuel Assistance, Electric Assistance, Homeless Prevention, Weatherization, and electric utility conservation programs. We are also the conduit through which the USDA Surplus food is distributed to the food pantries throughout Grafton County.

We greatly appreciate the support and look forward to continued cooperation and partnership with your towns' residents, elected officials and staff. If you have any questions, please do not hesitate to call me at 888-842-3835 x103.

Sincerely, L. Hunchly

Let's go!

September 19, 2016

Rumney Board of Selectmen 79 Depot St., PO Box 220, Rumney NH, 03266

Dear Selectmen,

As you prepare the 2017 Town Budget, we respectfully request that you consider an appropriation to Transport Central. During our fiscal year 2016 the number of rides we provided in our 19 towns increased by **30%**, **to 2,786**, and the number of miles we traveled while performing these rides increased by **79%**, **to 128,542**. This year, we project that we will run out of NH/Federal 5310 funding after 8 months into the year. The remaining 4 months of rides for the elderly and disabled are necessarily funded by donations and contributions.

We traveled **4,988** miles providing Rumney residents **118** rides. If the town chose to appropriate a dollar for each ride for a town resident, thus totaling **\$118**, this would help us perform our mission to provide rides for the elderly and disabled in Rumney. We would be very grateful for your assistance in helping us provide our mission.

We are enclosing some literature to help you understand who we are and what we do. If you have any questions, or would like us to make a presentation to a group, please let us know.

With best wishes for a prosperous 2017,

Patricia Kendall, Executive Director, Transport Central

➢ UNH COOPERATIVE EXTENSION GRAFTON COUNTY OFFICE ANNUAL REPORT 2016

University of New Hampshire Cooperative Extension's mission is to provide New Hampshire citizens with research-based education and information, to enhance their ability to make informed decisions that strengthen youth, families and communities, sustain natural resources, and improve the economy.

Here are some of our noteworthy impacts during the past calendar year:

- Jim Frohn completed the County Forest timber sale. 1,418 cords were harvested for a net revenue of \$36,673 (127% of projected) and \$2,963 in tax revenue for the town of Haverhill.
- Michal Lunak continued work on a three year research project funded by the Tillotson Charitable Foundation looking at the economic feasibility of producing dairy beef in the North Country.
- Lisa Ford taught 350 youth about food groups, food safety, and physical activity.
- Donna Lee received a grant to fund an undergraduate Student Intern to host a Sheep Exploration Day for youth in the county and assist with 4-H activities at the North Haverhill Fair.
- Geoffrey Sewake collaborated on the New Hampshire First Impressions Program in Littleton using a secret shopper model to advance community development and on a multi-partner workforcefocused business outreach program in Lincoln and Woodstock.
- Jessica Sprague presented Safety Awareness in the Food Environment training to over 217 food service employees and volunteers and taught ServSafe® classes to 93 individuals.
- Heather Bryant collaborated with the Grafton County Farm and Conservation District, and the Natural Resources Conservation Service on a cover crop demonstration at the Farm.
- With help from Becky Colpitts, Grafton County welcomed 13 new Master Gardener volunteers.

Be sure to look for us on Facebook and Twitter and on-line at www.extension.unh.edu

➢ EXECUTIVE COUNCIL REPORT 2016 ≤

ANNUAL REPORT FROM EXECUTIVE COUNCILOR KENNEY, DISTRICT ONE

As I start my 4th year of service to you and the State of New Hampshire in Council District I, I am grateful, committed and honored to serve you.

l continue to work with the Governor, Council and Legislature on the important issues impacting the State. The Heroin and Opioid epidemic has been the number one issue. The Council has supported over \$25 million in contracts for prevention, treatment and recovery programs. In addition, the Council supported several millions of dollars for Law Enforcement Operation of Granite Hammer to interdict and prevent drug smuggling.

Economic development is still my top priority for the Northern most Council District and I will work with community and business leaders to assist in the creation of jobs and economic opportunity. I am committed to the Balsams project in Dixville Notch and I worked to form a nine member Laconia State Property Committee to support the Executive Branch with the future sale of that property. Good news stories include the expansion of Vermont NSA manufacturing into Groveton to create over 70 jobs, the expansion of River Valley Community College into the old Lebanon College building in Lebanon and the new addition of the \$7 million Marine Patrol Headquarters Building in Gilford.

I join with the NH Congressional Delegation - Senator Jeanne Shaheen, Senator Maggie Hassan, Congresswoman Annie Kuster and Congresswoman Carol Shea-Porter in working with other New England states and our northern Canadian friends to seek economic opportunities and relationships.

The Ten Year Transportation Improvement Plan process working with the Department of Transportation and the Regional Planning Commissions was completed upon passage by the Legislature and signature of the Governor in June. The plan focuses on preservation, maintenance and safety of existing pavement and bridge infrastructure throughout the State. The US Congress passed the Fixing America's Surface Transportation (FAST) Act, which provides increased federal funding to the State of New Hampshire over the next five years. Contact William Watson at NH DOT for any additional details at 271-3344 or <u>bwatson@dot.state.nh.us</u>.

The 2017 session of the NH House and Senate will address legislation that deals with the heroin and opioid crisis, sustainment of Medicaid expansion, federal health care opportunities and funding, business and workforce development. Again, I'll be watchful of proposed legislation passing costs on to the county and local levels of government. Stay close to your local state senator and house members.

The Governor and Council are always looking for volunteers to serve on the dozens of boards and commissions. If you are interested, please send your resume to Governor Chris Sununu, State House, 107 North Main Street, Concord, NH 03301 attention Meagan Rose Director of Appointments/Liaison or at (603) 271-8787. A complete list is available at the NH Secretary of State website at www.sos.nh.gov/redbook/index.htm.

My office has available informational items: NH Constitutions, tourist maps, consumer handbooks, etc. I periodically send, via email, a list of my schedule for the week. Send me your email address to be added to the list if you would like at <u>Joseph Komer@nh.gov</u>. Contact my office any time I can be of assistance to you.

Serving you, Joe
